

WHAT'S IN IT FOR ME?

I was wondering what to write in this article and thought that I should perhaps highlight why you should use a Mortgage Link Broker, rather than just "pop" along to the local bank branch.

Here's some very good reasons:

- We have access to a vast range of home loan products (including all the Westpac employee packages)
- I have worked for over 32 years in the finance sector, not many bankers have that experience these days!
- I'm here to assist you with pre-approval finance and to obtain the right structure of loans for you to reduce your payments, pay off the loans quicker etc
- We can provide insurance services to review your cover
- We help you achieve your goals, whether buying, building, investing or looking at a business/commercial venture
- We make the settlement process easy and stress free, by liaising with your solicitor, estate agent and other professionals
- We provide annual reviews to check the appropriateness of your loans, interest rates - we here for the long term

You really should look to use our services, we've been operating on the coast for over 15 years.

Call me now to make an appointment and let me show you the value I can add.
