

OUR ADVISERS COMPLY

All financial advisers must now comply with the Financial Advisers Act – aimed at improving industry standards to encourage public confidence in the professionalism and integrity of advisers. All Mortgage Link advisers are now registered with the Companies Office and members of an approved Dispute Resolution Scheme – you can check these details by looking at their Disclosure Statements or by going to the Companies Office website www.frsp.govt.co.nz. Over and above this, Mortgage Link will use higher measures to ensure the quality of our advisers by requiring completion of the National Certificate (Level 5) and the following of the Code of Professional Conduct by mid next year. When added to our unique advice process and well established businesses, all our clients, and anyone they may wish to refer, can be confident they will get value from our advice.
